HONR 1087: SERVICE IN SCHOOLS

Discover the Distinct Challenges and Advantages within Alabama Schools

Explore distinctive challenges and strengths within Alabama's educational institutions. In the Service in Schools program, we'll delve into the performance of schools in the state, the impact of poverty on learning, and essential skills related to behavior management when working with local K-12 students during 15 hours of service. Make a positive impact while gaining insights into K-12 education in Alabama.
