Auburn-Tuskegee Consortium

Consortium: multiple schools with separate staffs that share one Executive Officer and Commanding Officer
The word ‘Naval’ implies both Navy and Marine

The Secretary of the Navy is responsible to the Secretary of Defense for both the United States Navy and the United States Marine Corps.

We are a team. Whenever possible, we fight together, so we train together. Naval ROTC trains both future Navy Officers and future Marine Corps Officers, just as the Naval Academy does.
To develop future officers **morally, mentally, and physically** and to imbue them with the highest ideals of duty and loyalty, and with core values of **Honor, Courage, and Commitment** in order to commission college graduates as naval officers who possess a basic professional background, are motivated toward careers in the naval service, and have a potential for future development in mind and character so as to **assume the highest responsibilities of command, citizenship, and government.**
