Quarantine Meals from Tiger Dining

For students in designated residence halls or quarantining-in-place

Daily menu offerings provide nutritionally balanced meals, including student favorites and home-style meals. Their goal is to support and comfort students with COVID-19 symptoms by fueling their bodies so they can recover.

- Quarantined students in a designated COVID-19 dorm order their food on GRUBHUB. If the student is ordering with Meal Swipes (weekly, all access, or block) they will order from the “quarantine and isolation meal swipe delivery” shop (delivery tab).
- If a student is ordering with dining dollars, they should use 844 EATS delivery.
- Students can receive food three times a day, which is delivered to the dorm.
- All meals are vetted by a team including the District Executive Chef, Catering Director, and a Registered Dietician.
