

GAMEDAY WEEKEND INFORMATION

Transportation

Overflow Parking Shuttle – Airport vans will continuously transport passengers and crews from outlying parking areas to the FBO/Main Terminal.

Campus Shuttle – Dedicated buses will run from the FBO directly to Auburn University's campus.

- Shuttle service is **for flying customers only**.
- Tickets are available at the FBO front desk.

Rental Cars – Pre-arranged rentals may be picked up at the FBO front desk.

Rideshare/Taxi Services – Uber, Lyft, and local taxi providers are usually available, but cannot be guaranteed due to increased demand.

Airport Services

Ground Power Units (GPUs): **Not available** Friday-Sunday on home game weekends.

Lavatory Service: Limited availability and **not guaranteed**; provided as time and traffic volume allow.

Fuel & Line Service: Standard fueling, ice, and coffee services will remain available, but wait times may be extended during peak periods.

No Pull On-Line Service: Because of the heavy traffic volume, limited space, and staffing constraints, we are not able to pull aircraft on-line. Aircraft should expect to depart from the spot they are towed after arrival. Our staff is glad to give golf cart/van rides out to your aircraft.

Vehicles on Ramp

Beginning on **Friday at the start of peak arrivals**, the airside will be **closed to all non-airport/government vehicles** through the duration of the weekend.

This restriction is for the **safety of all customers** during high-traffic operations.

GAMEDAY WEEKEND INFORMATION
