Academic Program Review Cycle

A menu approach to Academic Program Review

Academic Program Review is designed to examine, assess, and strengthen Auburn University's academic activities. Every academic program at Auburn University will be formally reviewed on a regular cycle.

A menu approach to Academic Program Review

Full Academic Program Review

Full external review team and on-site visit

A self-study encompassing all standards:

I. Department Overview
II. Curriculum & Teaching
III. Student Support & Success
IV. Faculty Excellence
