Exemption Status	Non-Exempt
Approved Date:	11/11/2026 4:16:19 PM

JOB FAMILY AND FUNCTION

Job Family:	Production & Skilled Trades
Job Function:	Access Control

JOB SUMMARY

Under general supervision, performs a variety of skilled and technical maintenance on mechanical access control systems throughout the University. Responsible for the installation, repair, and modification of all mechanical access and locking system components along with associated door hardware including, but not limited to, door closers, exit devices, cores, and keys.

RESPONSIBILITIES

- Gains access to malfunctioning locks using locksmith tools, experience, and skills while ensuring minimal property damage. Removes broken keys and foreign objects from locks, lubricates and tests locks as required. Identifies points of failure or systemic issues and resolves for future integrity.
- Performs routine and complex selection of key and core blanks; fabricates keys and cores to code; and tests, installs, adds to inventory, or processes keys or cores for issue. Researches correct key and core marks, cuts, and pin segments using master keying system databases.
- Installs, troubleshoots, repairs, modifies, and maintains door closing devices, electromechanical hardware, various locking devices, and exit and panic devices. Identifies correct function, model, and trim for installation or replacement.
- Prepares doors for hardware installation to include drilling, boring, and chiseling. Removes mechanical and electromechanical hardware for replacement or modification and enforces University and sole sourcing standards for hardware usage.
- Performs at an intermediate level understanding of master keying systems. Maintains key control records of cores, keys, codes, combinations, and locations.
- May be required to serve in an on-call status and remain work-ready when scheduled for an on-call period or rotation. Work-ready status requires an employee to be physically and mentally unimpaired and fit for duty, able to safely perform all essential job functions with no risk to self, coworkers, students, public, or property when called upon.
- Training, education, and certification requirements for career progression within this job family are governed by the Auburn University Facilities Management Policy: Training, Education, and Certification Requirements for Trades Personnel.
- Maintains responsibility for personal safety and the safety of others by following established safety procedures, using required personal protective equipment, identifying and reporting unsafe conditions, and completing required safety training.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role.
