JOB FAMILY AND FUNCTION

Job Family:	Health & Wellness
Job Function:	Mental & Behavioral Health

JOB SUMMARY

Provides counseling and psychological services for students with mental health issues and provides information regarding mental health services and programs.

RESPONSIBILITIES

- Provides psychological services to students that include, but are not limited to, individual therapy, group therapy, emergency/crisis intervention, psychological assessment, treatment planning, diagnosis, and consultation with multiple stakeholders.
- Documents, reports, and maintains confidential records and information from counseling-related services including individual therapy, group therapy, emergency/crisis intervention, consultations, and psychological assessments.
- Evaluates and develops comprehensive treatment plans for individuals to include(but not limited to) assessment, diagnosis, coordinating treatment with other professionals, and providing community referrals when indicated.
- Clinically supervises psychology interns and graduate practicum students. May clinically supervise unlicensed senior staff clinicians.
- Plans, develops, and presents outreach presentations, workshop programs, and educational seminars related to mental health issues and available services to students, staff, faculty, and other campus stakeholders.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
