JOB FAMILY AND FUNCTION

Job Family:	Administration & Operational Support
Job Function:	Administrative Support

JOB SUMMARY

Under general supervision, provides varied administrative, financial, and analytical support for all Facilities areas. Performs administrative work relating to the coordination of events, meetings, or other areas involving sensitive information.

RESPONSIBILITIES

- Provides general and specialized administrative support including, but not limited to, preparing agendas, notices, minutes, reports, and documents; gathering and managing data; providing correspondence, filing, and recordkeeping; preparing and processing forms; overseeing mail distribution and outgoing mailings; and purchasing/ordering supplies through material requests and other methods.
- Processes and tracks purchase orders, invoices, bid proposals, contract transactions and related financial transactions for responsible area.
- Supports budget preparation and tracking for responsible area, ensuring all financial transactions and records are accurate.
- Supports department Human Resource functions including, but not limited to, hiring process, on-boarding process, training coordination, performance reviews, and corrective actions. Exercises discretion concerning sensitive and confidential information.
- Collects, analyzes, and synthesizes data and information from multiple sources to create presentations and reports used to assess the overall performance of operations and programs. Collects, analyzes, and interprets data for projects, departmental operations, and/or other processes aimed at identifying opportunities to improve the efficiency and effectiveness of departmental objectives.
- Utilizes software packages to manipulate and prepare data and other information, databases, or reports. Assists in the development and maintenance of data and database system(s) including work orders, projects, space, equipment inventories, and/or other related information.
- Coordinates designated programs ensuring necessary equipment, tools, supplies and/or uniforms specific to departmental needs.
- Coordinates personnel and meeting schedules for responsible areas.
- Acts as a point of contact to other departments, students, faculty, customers, and outside agencies and vendors. Retrieves and disseminates information to internal and external stakeholders. Advises staff, students, administrators, and clients on processes, procedures, and services.
- Enters, monitors, and evaluates data within designated systems. May be responsible for maintaining asset databases to ensure accuracy for current and retired equipment.
- Supports projects in responsible area with funding requests, budget processing, schedule planning, and general project coordination.

RESPONSIBILITIES

- May oversee and maintain data system(s) including, but not limited to, work orders, projects, space, equipment inventories, and/or other related information.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only to be utilized when the candidate does not meet the minimum requirements.
