JOB FAMILY AND FUNCTION

Job Family:	Legal, Compliance & Audit
Job Function:	Risk Management

JOB SUMMARY

Develops, coordinates, tracks and delivers environmental education to Army personnel. Training will consist of a variety of environmental health and safety topics in-person and remote delivery mechanisms.

RESPONSIBILITIES

- Designs lesson plans in conjunction with Ft Benning Directorate of Public Works/Environmental Management Division (DPW/EMD) to include instructional aids and student manuals covering hazardous waste management, spill prevention, storm water compliance and natural resource conservation.
- Leads Public Education Outreach events. Serves as coordinator in relation to all education entities such as Department of Defense Educational Administration (DODEA), Muscogee County School District, etc.
- Provides annual initial and refresher training (4 to 8 hr.) to keep designated unit environmental personnel updated on current regulations.
- Coordinates with current AU-IGSA Compliance team once a month to attend on-site evaluations of unit operations, storage sites, and field training areas to ensure proper training is provided for handling of petroleum, oils, lubricants (POL), and solid waste.
- Provides relevant training metrics for training programs monthly including summarizing number and class descriptions of training sessions provided, number of attendees, evaluation feedback, training hours, etc.
- Responsible for measuring the impact and effectiveness of training programs through various methods such as surveys, interviews, and quality assurance surveillance plan (QASP)job shadowing.
- Leads the training program to include setting goals as well as tracking, selecting and managing training partnerships. Meets with AU supervisor and IGSA Partner subject matter experts to refine training to meet the IGSA expectations.
- Demonstrates proactive and detail-oriented commitment to maintaining compliance by continuously tracking, analyzing, and integrating evolving Federal, State, Army and Local environmental regulations. Leverages regulatory updates to refine training curriculum and foster a culture of compliance accuracy.
- Provides support to all environmental education programs within the AU-IGSA and serve as liaison/coordinator for the Army Sustainability University (ASU) regarding the annual Defense Hazardous Materials/Waste Handlers Course (DHMHWC) training provided by Fort Lee, Virginia.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
