JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Patient Care & Rehabilitation

JOB SUMMARY

Performs both standard and advanced animal care responsibilities, including diagnostic procedures.

RESPONSIBILITIES

- Provides advanced nursing care for patients admitted to the Intermediate Care (IMC) and Intensive Care Unit (ICU), including continuous monitoring, administration of prescribed treatments and medications, and accurate documentation of vital signs, abnormal findings, body weight, and food and water intake. Collects, labels, and processes diagnostic specimens in accordance with established protocols.
- Performs, instructs, and demonstrates advanced veterinary nursing techniques and procedures specific to emergency and critical care medicine, ensuring high standards of patient safety and clinical quality.
- Administers injections, anesthesia, vaccines, and other therapeutic treatments as ordered by the primary veterinarian, adhering to established medical and safety guidelines.
- Assists veterinarians with complex and life-saving procedures, including cardiopulmonary resuscitation (CPR), mechanical ventilation, dialysis, and other advanced interventions required for critically ill patients.
- Conducts daily inspections of facilities, equipment, and supplies to ensure operational readiness, and monitors animal health status, environmental conditions, temperature, and sanitation to maintain a safe and compliant clinical environment.
- Performs emergency triage and stabilization of patients presenting through the Emergency service, prioritizing care based on clinical urgency and patient condition.
- May assist with client billing functions, including entering charges and completing related administrative tasks as needed.
- Provides inpatient and emergency patient care during after-hours, weekend, and holiday shifts to ensure continuous coverage and continuity of care.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
