JOB SUMMARY

Under direct supervision, performs basic repairs, installations, and maintenance for all irrigation systems associated with Auburn University.

RESPONSIBILITIES

- Performs preventative and routine maintenance on irrigation systems and assists in irrigation repairs and troubleshooting. Fixes controllers, replaces irrigation heads, and re-glues pipes.
- Assists with the installation of new irrigation systems including, but not limited to, assembling and gluing pipes.
- Assists with University landscape projects by providing irrigation system support.
- Programs all irrigation controllers so that water is distributed on an as needed basis.
- May assist in the design of new irrigation systems.
- May be responsible for meeting and maintaining training and certification requirements as outlined by the applicable department's training and credentialing requirements.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
