JOB FAMILY AND FUNCTION

Job Family:	Production & Skilled Trades
Job Function:	Mechanic

JOB SUMMARY

Performs mechanical services and repairs on university vehicles and equipment.

RESPONSIBILITIES

- Completes routine maintenance services on university vehicles.
- Performs mechanical repair on university vehicles dealing with tires, brakes, suspensions and electrical systems.
- May perform complex maintenance and repairs on university vehicles dealing with engine overhauls, transmissions, electrical system diagnostics and heating and air conditioning systems.
- May operate university vehicles on occasion.
- Training, education, and certification requirements for career progression within this job family are governed by the Auburn University Facilities Management Policy: Training, Education, and Certification Requirements for Trades Personnel.
- Maintains responsibility for personal safety and the safety of others by following established safety procedures, using required personal protective equipment, identifying and reporting unsafe conditions, and completing required safety training.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
