JOB FAMILY AND FUNCTION

Job Family:	Academic Services & Administration
Job Function:	Academic Programs

JOB SUMMARY

Coordinates and oversees on-site technical advice to students regarding construction details and building techniques required for building projects as well as overseeing the Rural Studio wood shop and tool inventory.

RESPONSIBILITIES

- Instructs and monitors students and faculty in safe and proper operation of shop equipment and tools ensuring proper safety guidelines are followed.
- Maintains and repairs shop equipment and on-site tools ensuring they are maintained in proper safe working order.
- Provides instruction to students relative to using shop equipment to complete class/studio assignments.
- Prepares curriculum and course plans for assigned classes.
- Works with the Rural Studio faculty, students, and community partners to plan, organize, review designs and coordinate small, community-based renovation and repair projects.
- Provides on-site advise to students and faculty regarding construction design, construction details, and construction techniques for building projects.
- Orders replacement parts and equipment as required.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
