JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Technology Commercialization & Economic Development

JOB SUMMARY

Negotiates and manages a portfolio of industry contracts, material transfer agreements, confidentiality agreements, and related agreements, as well as provides guidance and support in other technology transfer activities.

RESPONSIBILITIES

- Reviews and negotiates the terms and conditions of industry contracts on behalf of the University in an effort to enhance its research and economic development missions, ensuring compliance with State and Federal agency guidelines and Federal government regulations and laws (e.g. Bayh-Dole Act, export control regulations, agency guidelines, etc.).
- Drafts and negotiates non-disclosure agreements, material transfer agreements, memorandums of understanding, and other technology transfer and industry related agreements.
- Provides guidance to and coordinates with faculty, administrative units, and staff to ensure both compliance with, and adherence to, contractual language with University policies and guidelines, as related to intellectual property ownership and protection, risk management, confidentiality, licensing, etc.
- Educates faculty, staff and students about the technology transfer process, while providing an understanding and direction to University personnel to assist with resolving problematic and complex contractual issues.
- Provides a resource for external University clientele in the community and corporate entities to seek information about the technology transfer process and industry contracting in a University setting.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---
