JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Animal Care

JOB SUMMARY

Coordinates and supervises the Miller Poultry Research and Education Center in the manufacturing of animal feed, in accordance to production and quality control standards.

RESPONSIBILITIES

- Coordinates and manages the manufacturing of feed based on research specifications, ensuring accuracy of formulations and quality of finished research diets. Ensures specific ingredients, manufacturing tolerances and computer input specifications are correct based on diet criteria to produce feed for various entities. Prepares equipment, areas, and supplies to conduct research. Collects and maintains quality control checks, record keeping, and verification of formulations with PI's as needed. Collects and maintains records and data related to education and research.
- Supports live bird research, including basic husbandry, health monitoring/reporting, maintenance of proper environmental conditions, as required by the research protocol, and problem solve any mechanical issues with housing.
- Consults with PI's and associate director to ensure correct type and feed is prepared timely for research trials. Prepares the production schedule in collaboration with faculty and/or PI's. Maintains inventory controls and orders materials/supplies needed for research trials. Assists with scheduling for demonstrations and conducts tours/demonstrations as needed.
- Maintains feed mill in top working order; operates, maintains, and repairs research equipment. Ensures overall physical plant is clean and orderly. Maintains safety and environmental protection standards.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.

MINIMUM EDUCATION & EXPERIENCE

Education Level	Focus of Education	Years of Experience	Focus of Experience
High School	High school diploma or equivalent. A degree in Agriculture will substitute for experience.	5 years of	Experience working in a feed production plant with progressively increasing levels of responsibility and accountability.

Substitutions Allowed for Experience	Yes
--------------------------------------	-----

Substitution allowed for Experience: When a candidate has the required education, but lacks the required experience, they may normally apply additional appropriate education toward the experience requirement, at a rate of one (1) year relevant education per year of required experience.

MINIMUM KNOWLEDGE, SKILLS, & ABILITIES

Knowledge of poultry feed manufacturing processes and equipment.	
Knowledge of feed quality.	
Must have computer skills, basic math skills, and mechanical aptitude.	

MINIMUM LICENSES & CERTIFICATIONS

Licenses/Certifications	Licenses/Certification Details	Time Frame	Required/Desired
None Required.
