JOB SUMMARY

Provides overall leadership and management of the Auburn University Aviation Center (AUAC) Professional Flight department. This includes flight training (students and non-students), aircraft acquisition, care and maintenance, and ensuring state and federal regulatory compliance while adhering to safety standards.

RESPONSIBILITIES

- Serves as the FAA-approved Chief Flight Instructor in accordance with 14 CFR Part 141 for the AUAC Professional Flight department and pilot for the FAA-approved Part 141 pilot school. Oversees and manages activities of assigned pilot training staff and flight instructors, including operational safety, training standardization and quality, initial and recurrent proficiency training, and all other job-related activities. Oversees and supervises the pilot training of all students participating in the aviation program at Auburn University.
- Oversees and directs the AUAC Professional Flight department aircraft fleet maintenance, including recurring FAA-required annual and 100-hour inspections, individual aircraft component and systems inspections, and all non-scheduled airplane maintenance requirements. Forecasts, oversees and directs the acquisition and disposal of all AUAC Professional Flight training aircraft and flight simulation.
- Maintains a safety culture as the highest priority by assuring adherence to and maintenance of safety standards throughout day-to-day operations. Coordinates with airport management and staff on safety and operational issues.
- Forecasts, directs, and approves equipment acquisition to meet pilot training needs. Directs and approves curriculum development and program strategies by collaborating with faculty and instructors.
- Manages and administers the department budget, including budget preparation, approving and monitoring all department expenditures to ensure compliance with regulatory and University policy/directives while developing and implementing the overall financial policy of the department.
- Prioritizes the allocation of resources, both personnel and equipment, to maximize the safe, efficient, and effective conduct of all assigned academic courses.
