Auburn University Job Description

Job Title: CESU Archivist
Job Code: AB32
FLSA status: Exempt

Job Summary
The Cooperative Ecosystem Studies Unit (CESU) Archivist partners with Auburn University, for the National Park Service (NPS), Interior Region 2 Office, located in Atlanta, Georgia, and collaborates with other CESU Archivists and NPS staff to support archival and records management programs within the museum program at NPS sites through the Interior Region 2 (legacy Southeast Region). Provides NPS staff necessary measures to manage the archives and records management activities specific to the National Park Service and the Federal Government.

Essential Functions

1. Evaluates all records, archival, and manuscript collections in accordance with NPS records management guidance. Evaluates records against scope of collection statement and archival appraisal criteria. Recommends specific non-official records for inclusion in museum collection.
2. Represents the IR2 Regional Office when working with others on archival matters. Develops and maintains liaisons and effective working relations with related groups and individuals, agencies, and the public to encourage and facilitate cooperative regional management strategies. May attend management and professional conferences and other events for the purpose of exchanging information and presenting technical and policy information.
3. Recommends accessioning appropriate collections into the park museum collections. Researches collection provenance, original order, series components, dates, document formats, processes, creators, authenticity, topical content data, legal status, and legal validity of access restrictions and ownership history. Recommends deaccessions of inappropriate collections following established NPS policies.
4. Conducts baseline condition survey of archival collections and prioritizes collections for treatment or reformatting. Writes recommendations for treatment or reformatting, scope of work for treatment or reformatting, and treatment or reformatting inspection criteria.
5. Rehouses park archival and manuscript collections by refoldering and reboxing, and preserves oversized materials via humidification and flattening. Preserves photographic and audiovisual materials in appropriate pH-neutral casing.
6. Arranges the collection with respect to the archival principles of provenance and original order. Indexes collections by creating folder and container lists. Updates, edits, and reindexes container lists as needed.
7. In consultation with the NPS Regional Curator and park staff, surveys park records in all park structures, and writes park-level survey descriptions.
8. In conjunction with staff, identifies potentially archival material in parks. Retrieves inactive permanent resource management and lands records for inclusion in the museum collection. Assists parks with the disposition of permanent non-resource management records and temporary records.
9. Produces finding aids and repository-level archives planning documents. Distributes these documents and publications to appropriate libraries, archives, and related research repositories.
10. Catalogs the collection in the NPS's collections management software system. Recommends and develops automation systems and linkages that will expedite research and information
Auburn University Job Description

communication.

11. Researches and reviews archival and manuscript collection restrictions, e.g., copyright. Provides comments on developing service wide NPS policy for archival collections.

12. May support the Regional Office on NPS regional task groups or similar organizations. May make presentations in parks, public gatherings, and professional meetings to support archives work.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
