JOB FAMILY AND FUNCTION

Job Family:	Student Resources
Job Function:	Admissions & Recruitment

JOB SUMMARY

The Enrollment CRM, Manager oversees the administration and support of the Customer Relationship Management (CRM) system, Slate and other technology needs specific to Undergraduate Admissions. This position performs software maintenance, enhancements, and configurations necessary to ensure reliable business workflow in Slate environment; maintenance of applicant portals (included but not limited to Applicant Status Portal, admitted portal, Visit experience portal); administration of user accounts and security; creates reports as needed to support the admission cycle; provides user documentation and training to admissions staff.

RESPONSIBILITIES

- Develops strategies for implementing and integrating Slate CRM and Optical Character Recognition technology (OCR), ensuring standardized use and data across Undergraduate Admissions.
- Manage data integrations and aid in correcting errors in data feeds between systems, vendor files, and site-specific forms, ensuring optimal integration and troubleshooting as needed. Manage data imports into CRM from external sources and exports it for departmental distribution. Provides necessary data through query and report management tools to support institutional goals. Assists with the implementation and ongoing maintenance of OCR technology.
- Build and maintain all Slate CRM-hosted applications and forms. Identify and assist in resolving processing and technology issues. Maintain security/user profiles to uphold system and data integrity. Develop and maintain various data and process structures, including events, forms, portals, letters, fields, entities, datasets, and processing rules.
- Act as a liaison between technical and non-technical staff, creating Slate documentation, and providing training and support for CRM and other admissions-related technologies. Develops and presents user and technical documentation, including developing and updating training materials for relevant technology. Conducts training sessions for new users and ongoing refresher sessions for current users. Works with campus partners to facilitate and vet technology initiatives.
- Collaborate with campus stakeholders and vendors to enhance CRM processing and operations and communicate urgent or complex CRM issues to relevant teams. Manage multiple projects concurrently and oversee day-to-day administration of CRM systems, including monitoring and resolving daily error and warning notifications.
- Other duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
