JOB FAMILY AND FUNCTION

Job Family:	Production & Skilled Trades
Job Function:	Access Control

JOB SUMMARY

Under direct supervision, performs basic level maintenance of electronic access control systems, intrusion systems, and door hardware throughout the University. Responsible for the installation, repair, and modification of all electronic access system components along with associated networks, databases, and programs.

RESPONSIBILITIES

- Assists with installing, troubleshooting, maintaining, and programming various access control system readers, electro-mechanical locking devices, Keyring control systems and components, intrusion systems and supportive hardware, ADA assistive systems, and low voltage devices.
- Inputs data into appropriate databases and software systems and maintains accurate entries to track work-flow, completion status, description, and time keeping.
- Frequently communicates with faculty, staff, students, and visitors to address access needs, maintenance requests, and questions.
- Will be responsible for meeting and maintaining training and certification requirements as outlined by the Auburn University Facilities Management Policy: "Training, Education, and Certification Requirements for Mechanical and Electrical Trades Personnel."
- May be required to serve in an on-call status and remain work-ready when scheduled for an on-call period or rotation. Work-ready status requires an employee to return to the worksite within forty-five minutes while being physically and mentally unimpaired and fit for duty, able to safely perform all essential job functions with no risk to self, coworkers, students, public, or property.
- May perform other related duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
