Auburn University Job Description

Job Title: Behavior Analyst
Job Code: CA19
FLSA status: Exempt

Job Summary
Provides professional services to the Alabama Department of Human Resources (ALDHR), including families served by this agency. This action includes conducting parent/staff training, consulting with families in the home, consulting with Psychiatrists and Nursing personnel, and serving in various professional capacities. Serves on the Alabama Psychiatric Medication Review Team (APMRT). As a part of the team responsibilities, the behavior analyst conducts functional behavioral assessments (FBA) and develop personalized behavioral interventions (PBIs) for referred youth.

Essential Functions

1. Delivers behavior-analytic services to and supervises load of 5 to 10 referred youth who are at varying stages of the assessment and intervention process to include providing training via face-to-face and telehealth modalities to foster families and other personnel (state and county) as deemed appropriate by the APMRT project director and participating in training on HIPPA compliant delivery of telehealth services.

2. Provides supervision (in accordance with the Behavior Analysis Certification Board’s published guidelines) for one or two graduate students enrolled in the Auburn University Applied Behavior Analysis program per academic semester. This supervision includes, but is not limited to, at least 60 min of direct observation of clinical service delivery per week and 30 min of office meeting per week.

3. Provides the Child Psychiatrist and Psychiatric Nurse with monthly data during team meetings on the effects of PBIPs for each referred youth. Conveys information about each client psychotropic medication provided by the team’s Child Psychiatrist and Psychiatric Nurse to the respective caregivers as needed.

4. Receives referrals regarding the need for PBIPs for foster youth and actively solicits referrals by contacting social workers, providing presentations, and contacting parent groups when there is no longer a waitlist of families requesting services.

5. Provides recommendations and consults with ALDHR and the APMRT on the outcomes for each referred youth to include using single-case designs (line graphs) to depict the effects of behavioral and pharmacological interventions on target behaviors of interest and retaining behavioral data in an orderly manner.

6. Provides one to two presentations to the community or ALDHR personnel each year regarding recruitment of participants, outcomes of services previously provided, or both.

7. Contributes to special projects as request by the APMRT director to include, but are not limited to, developing training videos to post on the APMRT website, writing sections of monthly or annual reports and manuscripts for peer review, and assisting the director in acquiring and organizing data for manuscripts that are submitted for possible publication.

8. Participant in two or more professional development activities each year to include watching webinars, attending conferences, and attending workshops. The topics of the activities focus on implementation of behavioral services, training, supervising students, or both.

9. Completes administrative duties include daily recording of time allocation, documenting travel time for client services, documenting events in the master client intervention (MCI) files, and monthly summaries for each active client.
Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
