JOB SUMMARY

The Educational Development Specialist works closely with administrators, faculty, and teaching assistants to foster innovative teaching practices and support a variety of educational initiatives that enhance student learning outcomes by elevating the quality of teaching at Auburn University.

RESPONSIBILITIES

- Develops, delivers, and assesses professional development resources to expand emerging technology readiness and literacy for the Auburn University academic community which includes leading the facilitation and updates of emerging technology-related programming, ensuring content relevance and engagement.
- Conducts training sessions for teacher assistants, to equip them with the necessary skills and knowledge for effective teaching support.
- Assists with planning, implementation, delivery, and assessment of programs and events organized by the Biggio Center such as but not limited to New Faculty Orientation, Course (Re)Design, SoTL programs, and EASL Academy. Creates and designs content for asynchronous courses using instructional design principles, focusing on accessibility, engagement, and pedagogical effectiveness. Designs and delivers workshops for faculty, covering a range of topics pertinent to contemporary teaching methodologies and innovations.
- Maintains comprehensive records of center activities and develops compelling narratives to communicate the impact of the center to diverse audiences. Analyzes organizational data and create visualizations to inform decision-making and showcase the impact of teaching and learning initiatives.
- Engages in faculty-led initiatives in teaching and learning, partnering to bring innovative ideas to fruition. Collaborates on departmental and campus-wide initiatives.
- Develops and implements effective strategies to enhance communication and program offerings to faculty members.
- Engages actively in professional organizations such as the POD Network. Maintain awareness of trends in higher education, research on SoTL and Scholarship of Educational Development (SoED). Internally share implications of relevant findings and their impact on the unit's work.
