JOB SUMMARY

The Specialist of Certified Strength and Conditioning collaborates with the Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Department cadre to design, integrate, and oversee each service's physical fitness performance training plans.

RESPONSIBILITIES

<ul style="list-style-type: none"> Partners with the Army, Air Force, and Navy ROTC Department cadre to design, integrate, and oversee each service's physical fitness performance training plans. This includes, but is not limited to, service physical competitive teams and service remedial physical fitness programs. Maintains consistent, direct communication with Athletic Training, cadet/midshipman physician, additional medical staff, and service cadre regarding injury modification and return to duty for cadets/midshipmen. Works closely with the Athletic Trainer to develop reconditioning programming for injured cadets and midshipmen. Observes service specific training events (e.g., obstacle courses, combative, rappel tower training, lifting competitions). Collaborates with the ROTC Athletic Trainer on building a Human Performance Group and writing and implementing policies and procedures regarding Strength and Conditioning. This will include networking with Auburn University resources in Nutrition and Human Performance organizations as well as networking with the Holistic Health and Fitness organization at Fort Moore, GA. Monitors, tracks, and briefs all cadet and midshipmen strength and fitness programs. Acts as a subject matter expert on strength and conditioning topics throughout the year for the cadets and midshipmen Performs other duties as assigned.
--
