JOB FAMILY AND FUNCTION

Job Family:	Academic Services & Administration
Job Function:	Assessment & Accreditation

JOB SUMMARY

Reporting to the Assistant Provost & Professor of Special Projects and Initiatives, the Planning, Implementing, and Assessment Manager directs and oversees the planning, implementing, and assessing of projects and initiatives within the unit. Oversees assessment and effectiveness of complex projects and initiatives housed in the unit. Provides leadership and facilitates unit planning efforts. Leads assessment, planning, and dissemination efforts in support of externally funded complex programs housed in the unit.

RESPONSIBILITIES

- Oversees and leads nation-wide assessment and strategic planning for projects housed in the unit. Advises staff to conduct outcomes assessment and use its results as a basis for action at participating institutions.
- Advises project leadership on matters related to program effectiveness. Communicates the results of the assessment to internal and external stakeholders including funding agencies and at national and international gatherings, identifying successes and opportunities. Writes annual reports for all unit special projects and initiatives and submits to sponsors and Auburn University leadership.
- Provides and oversees the provision of quality control, feedback, and documentation on programs outcomes assessment and program and service improvement processes. Leads the IRB approval process and renewal for unit programs and initiatives.
- Provides and oversees the provision of assessment support to partnering institutions.
- Leads, plans, and facilitates strategic planning efforts, working to develop measurable goals, assessment methods and communication efforts.
- Develops, leads, and facilitates program review processes for programs in the unit.
- Oversees management of complex national projects including supervising project staff and student employees.
- Oversees all unit dissemination efforts including magazine and scientific research publications.
- Oversees tools for effective and efficient assessment and planning. This may include identifying software products.
- Supports international-wide and unit grant writing opportunities including overseeing planning workshops, grant proposal preparation, and review.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility May supervise employees but supervision is not the main focus of the job.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.
