**JOB FAMILY AND FUNCTION**

Job Family:	Health & Wellness
Job Function:	Pharmacy

**JOB SUMMARY**

Under general supervision of a Pharmacist, the Harrison School of Pharmacy (HSOP) Pharmacy Technician IV provides complex skilled and technical assistance in pharmacies operated by the Harrison School of Pharmacy to include dispensing prescriptions, providing customer service to patients, resolving complex issues, and managing and overseeing others in maintaining inventory.

**RESPONSIBILITIES**

- Assists a registered pharmacist in dispensing prescriptions to patients to include receiving prescription refill requests and new prescription requests, verifying that information is accurate, and entering prescription information into computer database accurately and efficiently.
- Provides customer service by responding to routine inquiries concerning prescriptions, prescription insurance coverage, and pharmacy prescription records. Forwards complex issues to supervisor.
- Manages and oversees others in maintaining pharmacy inventory in roles to include ordering medications, receiving medications, verifying medication shipments, approving invoices, stocking, checking for outdated medication currently in inventory, supervision and delegation assignments to others.
- Maintains and stocks automated dispensing machines.
- Performs payment processing, cashier functions, and financial reporting including daily transactions, opening and closing cash register, end of day financial reporting and troubleshooting of issues that arise in daily activities at an expert level.
- Executes expert-level troubleshooting of pharmacy software, reporting, and related technology including insurance rejections, software or hardware malfunctions and new technology implementation. Is an on-site expert for all new technology platforms implemented in their area.
- Completes continuing education and required job training courses pertinent to the position.
- Provides unit-level oversight and training over assigned pharmacy processes.
- Provides advice and consultation to supervisors and managers regarding internal policies, procedures, and practices.
- Leads and assists in developing or modifying processes based on unit objectives and feedback from employees and management. Trains others in new process implementation.

**SUPERVISORY RESPONSIBILITIES**

Supervisory Responsibility	May supervise employees but supervision is not the main focus of the job.
