Job Function:	Pharmacy

JOB SUMMARY

The Director of Business Operations for Clinical Health Services (CHS) provides comprehensive operational oversight for Clinical Health Services (CHS) within the Harrison College of Pharmacy's (HCOP) Division of Clinical Affairs and Outreach (CAO). This position is responsible for managing daily business operations, expanding and implementing clinical services, ensuring regulatory compliance, and overseeing financial, human resources, and marketing functions. The role supports strategic planning, data analysis, and research project coordination, while fostering collaboration across departments and maintaining strong stakeholder relationships.

As a key member of the CHS leadership team, the position ensures the delivery of high-quality, efficient, and patient-centered care through effective management of clinical workflows, outreach initiatives, and experiential training programs. The incumbent serves as the HIPAA Officer for CHS and leads efforts to maintain compliance with institutional, state, and federal regulations. Additionally, the role includes responsibility for contract management, budget preparation, claims auditing, and marketing strategy development.

This position requires a proactive, detail-oriented professional with strong leadership, communication, and organizational skills who can serve as a role model for CHS staff and contribute meaningfully to the mission and strategic goals of HCOP.

RESPONSIBILITIES

- Directs and manages strategic planning, organizational analysis, business development and program assessment of the Clinical Health Services (CHS) division.
- Oversee implementation of new service delivery models and employ best practices to optimize patient care and staff performance.
- Manage scheduling, staffing, logistics, supplies and workflow optimization of all CHS clinical services, outreach events, community engagement activities, research projects, and experiential training.
- Prepares, evaluates, and monitors the operating budget for CHS including providing financial reporting and analysis to support budgetary decisions. Oversees CHS collaboration with HCOP accounting reconcile payment and invoicing for CHS accounts.
- Oversees multiple practices revenue cycle management aimed at developing new revenue and maintaining consistent revenue streams across multiple practices. This individual will oversee billing processes for all medical claims at CHS sites ensuring claims are properly adjudicated and revenue accurately received.
- Oversees recruitment and hiring for CHS which includes coordination with HCOP HRL, supervision of hiring processes and supervision of timecards.

RESPONSIBILITIES

- Supervises CHS contracting and work with AU offices of PBS and CGA to ensure all contracts are appropriately executed, reviewed and maintained. Have contract knowledge to identify, develop, and implement where policies and procedures are needed to maintain compliance with contract requirements.
- Supervises CHS operational staff and is responsible for employee development, training and evaluation. Makes decisions across all CHS clinics regarding appropriate delegation of staff and their responsibilities to meet operational demands.
- Develops, implements, and maintains unit wide policies and procedures to ensure compliance with regulations
- such as Alabama Board of Pharmacy, OSHA, DEA, other federal and state guidelines as well as internal AU, HCOP, and CHS policies.
- Oversees CHS marketing efforts through coordination, planning, and evaluation of all marketing activities including websites, social media, health fairs, brochures, newsletters and other marketing avenues.
- Coordinates operational aspects of research projects within CHS such as workflow design, marketing, budget monitoring, and compliance review.
- Develops and maintains strong, positive relationships with internal and external stakeholders by fostering collaboration across departments and with community partners to enhance service delivery and program impact.
- Serves on committees to actively contribute to shared governance, institutional initiatives, strategic planning, and goal achievement.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
