### JOB FAMILY AND FUNCTION

Job Family:	Health & Wellness
Job Function:	Pharmacy

### JOB SUMMARY

Provides medication therapy management, customer focused pharmaceutical care, and oversees the efficient dispensing, processing and recording of prescriptions and other health services, on and off campus, to ensure optimal clinical and economic outcomes of medication use.

### RESPONSIBILITIES

- Provides medication therapy management consultation and other pharmaceutical care services in a manner that facilitates the achievement of both a high level of customer satisfaction and the attainment of organizational care and service initiatives.
- Reviews prescribed medications and dosages to ensure that therapy is safe and effective for the patient's condition.
- Reviews, corrects and fills prescriptions, and oversees prescriptions prepared by technicians and students.
- Provides pharmaceutical care outreach to targeted clients and groups in the community and state.
- Contributes to the education mission of the Health Services Unit.
- Participates in Health Services initiatives.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

### SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May supervise employees but supervision is not the main focus of the job.
