JOB FAMILY AND FUNCTION

| | |
|---------------|---------------------------|
| Job Family: | Legal, Compliance & Audit |
| Job Function: | Compliance |

JOB SUMMARY

Develops, implements, and maintains the university's export control policies and procedures to ensure compliance with federal regulations such as International Traffic in Arms Regulations (ITAR) and Export Administration Regulations (EAR). Conducts reviews and assessments of research projects and contracts, develops technology control plans (TCP), serves as the subject matter expert (SME) on export controls, provides guidance to university leadership, and delivers training programs to help ensure adherence to export control regulations while maintaining thorough compliance records.

RESPONSIBILITIES

- Creates, coordinates, and maintains records of export license applications, technology control and operational security plans, and other export control issues. Monitors restricted projects and ensures compliance with university measures. Coordinates compliance efforts with other university departments and supports the development of short and long-term strategies for export compliance initiatives.
- Assesses research projects, proposals, contracts, and other agreements for export control applicability. Conducts reviews, investigations, and audits to ensure adherence to regulations and internal policies. Performs restricted party screenings and assists in the assessment and investigation of foreign research activities.
- Acts as the central SME on export control matters, providing guidance and recommendations to senior leadership including and various university departments. Serves as the primary contact for internal and external inquiries regarding export controls and compliance.
- Designs and implements comprehensive export compliance training programs. Disseminates critical information and develops educational resources to raise awareness of export control issues within the university community.
- Designs, implements, and maintains comprehensive export control policies and procedures that comply with federal regulations such as ITAR and EAR. This includes continuously monitoring and updating policies to ensure compliance.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
