JOB FAMILY AND FUNCTION

Job Family:	Administration & Operational Support
Job Function:	Administrative Operations

JOB SUMMARY

Under minimal supervision, provides advanced project, financial, analytical, and administrative support for all Facilities areas. Performs administrative work relating to the coordination of events, meetings, or other areas involving sensitive information.

RESPONSIBILITIES

- Responsible for identifying, analyzing, and synthesizing the most appropriate data used to analyze the overall performance of operations and programs. Builds datasets, models, and various reports to provide recommendations to Facilities Management regarding projects, departmental operations, and/or other processes aimed at improving the efficiency and effectiveness of departmental objectives, as well as ensuring client satisfaction and communication, through the use of surveys and analysis.
- Processes and tracks purchase orders, invoices, bid proposals, contract transactions and related financial transactions for responsible area.
- Responsible for budget preparation and tracking for responsible area, ensuring all financial transactions and records are accurate. Provides financial and process management support for contracts, including Small Public Works.
- Responsible for facilitating and supporting department Human Resource functions including, but not limited to, hiring process, on-boarding process, training coordination, performance reviews, and corrective actions. Exercises discretion concerning sensitive and confidential information.
- Coordinates designated programs ensuring necessary equipment, tools, supplies and/or uniforms specific to departmental needs.
- Coordinates personnel and meeting schedules for responsible areas.
- Acts as a point of contact to other departments, students, faculty, customers, and outside agencies and vendors. Retrieves and disseminates information to internal and external stakeholders. Advises staff, students, administrators, and clients on processes, procedures, and services.
- Provides general and specialized administrative support including, but not limited to, preparing agendas, notices, minutes, reports, and documents; providing correspondence, filing, and record-keeping; preparing and processing forms; overseeing mail distribution and outgoing mailings; as well as purchasing and ordering supplies through material requests and other methods.
- Provides feedback and guidance regarding the development and implementation of new systems and work-flow procedures; and may train, assign, and review the work of others.
- Identifies, develops, and maintains metrics for routine and complex management reports and analyses to monitor the effectiveness of financial performance, personnel management, budget execution, process improvements, and other management initiatives.

RESPONSIBILITIES

- Utilizes software packages to manipulate and prepare data and other information, databases, or reports. Assists in the development and maintenance of data and database system(s) including work orders, projects, space, equipment inventories, and/or other related information.
- Enters, monitors, and evaluates data within designated systems. May be responsible for maintaining asset databases to ensure accuracy for current and retired equipment.
- Supports and leads projects in responsible area with funding requests, budget processing, schedule planning, and general project coordination.
- May be responsible for meeting and maintaining training and certification requirements as outlined by Auburn University Facilities Management policies.
- May perform other related duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---
