JOB FAMILY AND FUNCTION

Job Family:	Legal, Compliance & Audit
Job Function:	Risk Management

JOB SUMMARY

Performs duties for a variety of environmental compliance services for Fort Moore, Georgia. Areas of specialization: Hazardous Waste Management, Non-RCRA waste, Clean Water Act Compliance, Clean Air Act compliance and Storage Tank Management.

RESPONSIBILITIES

- Conducts and performs site surveys, assessments, inspections and evaluations to ensure regulated facilities and unit or activities are properly managing environmental features of concern.
- Ensures site maintains continuous state of compliance, including, federal, state, local and university regulations. Recommends control measures when needed.
- Provide periodic, annual, or comprehensive reports for each site visit and the results of such assessments for review, evaluation, and corrective action. Maintain a database of all site visits, inspections, including specific information of the facility, point of contact information, inspection reports, and any other environmental requirements.
- May conduct chemical analysis for environmental compliance.
- Proactively seeks new ways to improve overall safety and environmental performance.
- Participates in on going environmental and safety training.
- May participate in the chemical and/or hazardous materials emergency response team. Assists with spill cleanup, report spill to proper point of contacts, and file spill reports both internally and externally.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
