Auburn University Job Description

Job Title: Mgr, Residential Safety & Health  Job Family: No Family
Job Code: EE31  Grade SR11 $54,900 - $93,300
FLSA status: Exempt

Job Summary
Reporting directly to the Assistant Director of Property Management, this position is charged with the management, development, implementation, and continuation of all related safety and health programs. This position is solely responsible for ensuring and maintaining compliance of local, state, and federal regulatory requirements pertaining to Life Safety for 32 residence halls, multiple dining facilities, and numerous ancillary facilities totaling approximately two million square feet. This position oversees the management of all occupational and environmental safety training and compliance for Property Management's 50+ staff members and associated campus partners.

Essential Functions

1. Manages the development, implementation, and oversight of multiple safety and health programs and projects, including all regulatory reporting and associated budget management. Programs include, but are not limited to: code compliance; hazard identification, evaluation, and control; accident and injury prevention; hazardous waste and materials management; emergency preparedness; fire and life safety; industrial hygiene; and environmental regulatory compliance.
2. Institutes monitoring, corrective, and preventive action programs to evaluate conformance with federal, state, local and/or University requirements, policies, and procedures relating to compliance and program management.
3. Oversees the development and implementation of training programs to meet the compliance and safety needs of university personnel and students working and living in areas relevant to safety and health programs.
4. Advises university staff, contractors, and students regarding environmental, health, and safety issues relevant to their work and/or on-campus residency, and provides input to committees regarding compliance issues.
5. Manages the continual development and implementation of Property Management’s indoor environmental conditions program, ensuring all properties are maintained in compliance with all state and federal regulatory standards.
6. Oversees the implementation of all life safety training for all Student Housing and Residence Life staff, including professional staff, Area Coordinators, Graduate Assistants, and Resident Advisors at the start of every semester.

Supervisory Responsibility

Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
