JOB SUMMARY

The Supervisor, Campus Security Operations Center (CSOC) provides proactive monitoring and rapid response to security threats, maintaining campus safety. Provides leadership within Campus Safety & Security by optimizing operations and enforcing compliance with safety standards. This role supports the university's educational mission by safeguarding the university and fostering a secure environment.

RESPONSIBILITIES

- Serves as the primary liaison for immediate university notifications by the City of Auburn Public Safety Department, coordinating the campus' initial response to incidents. This includes initiating emergency notifications, looking up information in support of police or fire investigation, submitting incident reports to Student Affairs or the Title IX Coordinator, opening severe weather shelters, managing after-hours flight notifications, and escalating incidents to leadership when appropriate.
- Oversees the continuous regular operations of the CSOC through CCTV, alarm systems, and other security technologies. Leads CSOC in supporting response to security incidents and emergencies.
- Responsible for the initial execution of the AU ALERT emergency notification system, ensuring timely and accurate dissemination of emergency information to the campus community. Additionally, notifies members of the leadership team, as specified in CSOC protocols, about incidents deemed critical to the safety of the campus.
- Ensures the operational integrity and maintenance of all CSOC security systems and equipment. Identifies and rectifies system issues to maintain functionality and security. Promptly reports any issues that cannot be quickly rectified.
- Assists in the creation and updating of security procedures and protocols, incorporating best practices to enhance campus safety and security operations.
- Maintains accurate records of security incidents, system maintenance, and operational effectiveness. Generates reports for administrative review and action.
- Provides input into campus safety and security awareness training based on incidents handled by the CSOC.
- While on shift, oversees the activities of the Campus Security Operations Center (CSOC). May provide training, support, and input into performance evaluations for CSOC Specialists. Ensures team adherence to security protocols and high-performance standards.
