### JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Technology Commercialization & Economic Development

### JOB SUMMARY

Provides professional assistance and advice to the Executive Director of the Office for External Engagement in relation to business operations, economic development activity, special projects, programs, initiatives and communications, including internal and external relations.

### RESPONSIBILITIES

- Provides leadership and executes special projects and initiatives for the Office of the Vice President for Research and Economic Development (OVPRED). Project responsibilities relate to administration, economic development, external engagement, communications, and may include special requests from other units under the OVPRED.
- Serves on, leads, and coordinates various committees and task forces, as well as directs essential administrative functions.
- Develops relationships with Auburn University constituents/clients including state and national commodity groups, industry representatives, federal and state agencies, and similar as appropriate to advance the research and economic development missions of the University.
- Works directly with the Executive Director of External Engagement and the Executive Director of the Auburn Research and Technology Foundation to develop and deliver key messages through presentations, print and electronic media; coordinates and oversees the development of a range of websites and social media accounts. Develops and deploys best practices for digital communications.
- Assembles reports, presentations, and other materials, including but not limited to information for Board of Trustees meetings, the Auburn Research and Technology Foundation Board, federal and state legislative delegations, as well as other key constituencies.
- Contributes to the development and implementation of strategies to advance research and economic development activity through extramural funding sources that include but are not limited to sponsored programs, gifts and endowments, fee based programs, products and activities, industrial boards and other approaches.
- Develops relationships with Auburn University constituents/clients to include state and national commodity groups, industry representatives, federal and state agencies and similar as appropriate to advance the research and economic development missions of the University.
- Solicits and reviews proposals and contracts from outside professional service providers, and serves as their primary point of contact / University interface for specialty publications, microsites, print and digital advertising, augmented reality or similar services related to research and economic development.
- Interfaces with faculty and staff of AU colleges, schools, departments, AAES, and ACES.
- Develops and directs the use of Auburn University augmented reality platform, TigerView.
