JOB FAMILY AND FUNCTION

Job Family:	Agriculture & Forestry
Job Function:	Forestry

JOB SUMMARY

The Assistant Director of the Solon Dixon Forestry Education Center assists the Director in managing the day-to-day operations, programs, and educational activities of the center. The position focuses on supporting the mission to promote education, research, and outreach related to forestry, wildlife, natural resources, and land management. The Assistant Director plays a critical role in fostering relationships with educational institutions, government agencies, private landowners, and other stakeholders while helping ensure the success of the Center's programs.

RESPONSIBILITIES

- Plans, implements, and evaluates educational programs and workshops related to forestry, wildlife, land management, and natural resources. Collaborate with university faculty and staff to ensure that programs meet educational objectives. Oversee the logistics of student programs, including field camps and research projects.
- Support the Director in managing the daily operations of the Center, including budgeting, scheduling, and personnel management. Ensures the proper maintenance of facilities, equipment, and field sites, and supervise staff involved in these activities.
- Assists the Director in developing and implementing the Center's strategic plan, ensuring alignment with broader university and stakeholder goals. Identify opportunities for growth and improvement in educational programming, outreach, and research efforts.
- Serves as a Solon Dixon Forestry Education Center representative to the public, government agencies, and industry partners. Assists in organizing public events, workshops, and tours that promote the Center's mission
- Collaborates with university faculty and researchers to facilitate field-based research projects. Ensures that research activities align with the Center's mission and comply with environmental regulations and safety protocols.
- Supervises staff and student interns, providing guidance, training, and support.
- May maintain and operate scientific field equipment.
- May perform other duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
