JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Animal Training

JOB SUMMARY

Under limited supervision, the Canine Instructor III performs canine development, training and handling in operations to support research and development activities in the Canine Performance Sciences Program. Provides care and welfare of canines, maintains equipment and facilities, plans outreach activities, and other duties as assigned to support the program's mission. Plans and designs training protocols and participates in planning and design of research protocols. Leads and supervises development, training and research activities. Leads external training and outreach missions.

RESPONSIBILITIES

- Performs canine development, training and handling to support detection dog production and research, development, and outreach activities. Plans canine training scenarios.
- Plans, designs, and supervises canine training, research, development, and outreach activities for efficient and effective operations. Presents and discusses project plans and progress with customers. Plans and designs training protocols and participates in planning and design of research protocols.
- Observes, records, and assists in evaluating canine behavior and performance for production, research, and development activities. Evaluates canines and canine handler teams.
- Identifies and corrects deficiencies in canine development and training.
- Maintains equipment and facilities.
- Leads, guides, and instructs trainees, students, or volunteers and perform other duties as necessary to support the operations of the Canine Performance Sciences Program.
- Performs other duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May supervise employees but supervision is not the main focus of the job.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.

MINIMUM EDUCATION & EXPERIENCE

Education Level	Focus of Education		Years of Experience	Focus of Experience
High School	High School diploma. Bachelor's or Master's degree in Behavioral, Animal, Zoology and Biological Sciences, or related degree is desired.	And	4 years of	Experience in developing, handling and training detection canines in professional environment. Must have 1 year of training, mentoring, or supervising employees in performing detection canine training or operations regardless of "Substitution allowed for Experience".

Substitutions Allowed for Experience Yes

Substitution allowed for Experience: When a candidate has the required education, but lacks the required experience, they may normally apply additional appropriate education toward the experience requirement, at a rate of one (1) year relevant education per year of required experience.
