JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Research Integrity & Compliance

JOB SUMMARY

The Assistant Director, Research Compliance provides administrative oversight and subject matter expertise to address compliance with federal regulatory requirements, state laws, and institutional policies and procedures. Oversees administration of the Institutional Animal Care and Use Committee (IACUC) and the Institutional Biosafety Committee (IBC).

RESPONSIBILITIES

- Assists in the management of the Office of Research Compliance to include development, implementation, and assessment of programmatic activities and various compliance initiatives.
- Oversees administration of the Institutional Animal Care and Use Committee (IACUC) and the Institutional Biosafety Committee (IBC) including related reporting, administrative responsibilities, and programmatic activities. Responsible for the supervision of the IACUC and IBC staff including work assignments, recruitment, performance evaluations and assisting in resolving employee relations issues.
- Conducts monitoring, inspections, and evaluations for adherence to federal, state, local and/or University requirements or policies and procedures relating to compliance program management.
- Develops and updates institutional policies and guidance to facilitate compliance with regulatory requirements.
- Assists with the development, implementation, and delivery of training programs to meet the compliance needs of investigators working with animals and/or using biohazardous materials.
- Remains current in knowledge of the changing federal regulations and best practices involving animal research and biosafety and advises administration, compliance committees, investigators, and staff on applicable federal, state, and local laws, regulations, and policies.
- Assists with the development, management, and implementation of processes, procedures, tools, and resources designed to improve programmatic efficiency while ensuring compliance with applicable regulations.
- Reviews, drafts, and negotiates inter-institutional agreements and memorandums of understanding (MOUs) related to animal care and use, and the biosafety program.
- Reviews funded research protocols in conjunction with the Office of Sponsored Programs to ensure that appropriate compliance approvals are in place prior to grant funds being released.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor.

Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
