JOB FAMILY AND FUNCTION

Job Family:	Academic Services & Administration
Job Function:	Assessment & Accreditation

JOB SUMMARY

Coordinates and manages the internal assessment feedback system for academic degree programs to provide learning improvement initiatives in support of Auburn University's continuing accreditation.

RESPONSIBILITIES

- Consults with academic degree program faculty members on all aspects of the assessment process, including student learning outcome development, outcome/curricular alignment, instrument development, data collection strategies, data management, data analysis, interpretation of statistical results, and using data to inform program improvement.
- Manages the internal assessment feedback system for academic degree programs, including communication with programs on their submission status, organizing and overseeing a weeklong peer-evaluation of assessment reports session, quality controlling quantitative and qualitative assessment feedback from this system, and disseminating individualized feedback reports.
- Designs and facilitates professional development events for faculty members regarding assessment (e.g., workshops on curriculum mapping, rubric development).
- Builds relationships with faculty members across campus to contribute to a culture of assessment.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below.
