JOB FAMILY AND FUNCTION

Job Family:	Administration & Operational Support
Job Function:	Operational Support

JOB SUMMARY

Provides demographic, analytical and other information about a college or school, its programs, and its students population. Assists in developing and maintaining data systems to support their analysis.

RESPONSIBILITIES

- Retrieves and analyzes information to support both regular and ad hoc studies relating to the Colleges academic programs and enrollment management when requested by internal or external sources; serves as the primary liaison to provide requested information.
- Calculates and disseminates statistical information for various bench marking purposes.
- Serves as the College's Sales Force Administrator creating and maintaining software functionality, and training new users.
- Compiles and maintains data to support planning and program execution, as well as to assist with decision making.
- Conducts post-hoc studies of graduates and conducts other survey research.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.
