JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Technology Commercialization & Economic Development

JOB SUMMARY

Under general supervision, collaborates with IAC licensing officers to facilitate Auburn University IP protection, which includes Trademark, Copyright, and US and foreign patent prosecution, preparation of legal-type documents, IP docketing, tracking and payment of US and foreign maintenance and annuity fees, and development of SOPs pertaining to IP processes. Serves as point of contact for AU Innovator Portal invention disclosure submissions, as well as preparation of portal user manuals and training materials, and intellectual property records management and oversight.

RESPONSIBILITIES

- Administers activities relating to invention reporting, monitoring and maintaining patent portfolios, and providing input and assistance to licensing officers on matters related to US and foreign patent prosecution, trademark and copyright applications and registrations, and plant variety protection (pvp) applications and registrations. Principal contact within IAC on aspects of invention reporting and patent processes.
- Administers docketing of new maintenance and annuity fees, monitoring and reporting on upcoming deadlines, payment of US maintenance fees, and coordination of payment of foreign annuity fees with outside annuity firm.
- Determines department needs for student employees according to ongoing projects and activities, posts open student positions, interviews candidates, trains new student employees, schedules student work times, and coordinates student projects and activities.
- Monitors AU Innovator Portal to recommend changes or improvement, reports site issues to vendor for resolution, serves as point of contact for AU researchers regarding user IP management, tracking, and online submissions. Prepares user training and instructional materials for the AU Innovator, Department, and College Portals and provides updates as needed.
- Advises and/or assists schools/innovators with the preparation and submission of disclosures. Ensures accuracy of disclosures, people, and patent information in the database.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
