JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Research Development

JOB SUMMARY

Coordinates and streamlines all aspects of the pre-award grant process including assisting faculty to identify grant opportunities, writing and preparing proposals in response to RFPs, and navigating the sponsor's submission process.

RESPONSIBILITIES

- Coordinates with appropriate stakeholder(s) to identify, capture, and expand extramural funding opportunities and serves as a liaison between faculty, staff, and sponsors to increase external grant applications and contracts, and support groundbreaking research.
- Provides support to the faculty to meet the College's ongoing goals of increasing scholarly productivity and external funding by advising/assisting with the preparation and sponsor submission of proposals and reviewing documentation for compliance with University policies and grant requirements.
- Develops and coordinates programs and training activities for faculty and staff to support research, grant preparation, Institutional Review Boards (IRB) protocols, and other areas to increase funded projects.
- Identifies and coordinates faculty from different departments or colleges for development of interdisciplinary grant proposals.
- Coordinates with faculty, staff, and the Office of Sponsored Programs (OSP) to streamline grant proposals and approved processes and maintains realistic timelines for proposal submissions.
- Assists faculty with writing, editing, and proofreading text of contracts and grants including reorganizing content for better flow, rewording for clarity, and editing to comply with granting agency's RFP requirements.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---
