JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Animal Research

JOB SUMMARY

Provides institutional level guidance and oversight which is consistent with federal, state, and local laws and regulations for Auburn University's animal care and use program related to all veterinary care, all animal facilities, and all animal welfare on campus and for other university satellite facilities.

RESPONSIBILITIES

- Administers veterinary care, oversight, and operation of the Division of Laboratory Health (DLAH).
- Provides university-wide oversight for animal welfare including the application of professional veterinary knowledge and for animal facilities ensuring compliance with applicable laws and regulations.
- Provides support and consultation to the Institutional Official, the IACUC and the Director of Research Compliance related to compliance with a variety of regulations governing the animal program as well as other issues related to animal care and use and facility maintenance.
- Contributes to the institutional Post-Approval Monitoring program for IACUC approved protocols.
- Provides instruction (lectures and workshops) to faculty, staff, and students pertaining to animal care and use.
- Serves as the attending veterinarian for the College of Veterinary Medicine.
- Serves as a consultant for proactive educational efforts and as a mandatory contact or representative of the animal program when issues arise.
- Serves as the Unit Veterinarian for the Biological Research Facility (BRF) including responsibility for day-to-day veterinary care activities in the BRF.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Supervises others with full supervisory responsibility.
