JOB FAMILY AND FUNCTION

Job Family:	Veterinary & Animal Care
Job Function:	Vet Operations

JOB SUMMARY

Oversees technical staff and operations in the Equine Animal Unit. Assists with student teaching, assists veterinarians' treatment, research, projects, surgery, restraint, and sample collection in animals, and assists in emergency and critical care of patients.

RESPONSIBILITIES

- Functions as a clinical working supervisor by providing direct patient care, including, but not limited to, physical exams, medication administration, catheter placement, nasogastric intubation, obtaining blood, fecal and urine samples, and fluid therapy.
- Manages and oversees the equine section including the management of operations and personnel including staff and student workers to include hiring, training, scheduling, and supervising all personnel that perform duties related to patient care within the service.
- Oversees and trains staff regarding the care of equine patients in treatment, handling, and procedures. Ensures that employees and students are properly caring for patients and administering treatment properly.
- Maintains business aspects of the equine section including ordering, inventory, biosecurity, coordination of patient care, facilities, equipment, and general day-to-day business.
- Works closely with the equine section head and hospital administrator recognizing and strategizing needed improvements, areas of concern, client experience, and opportunities for growth within the hospital.
- Assists veterinary students in various aspects of equine patient exams, catheter placement, nasogastric intubation, and general horse handling.
- Assists clinicians, students, and residents with admission, patient restraint, diagnostic procedures, and emergency and critical care of equine cases admitted to the equine hospital.

The responsibilities listed above show the typical duties for jobs in this classification. Actual tasks may differ depending on the department's needs. Other similar duties may be assigned with discretion of the supervisor. Not every duty will apply to every position, and the amount of time spent on each task can change based on department needs.
