**JOB FAMILY AND FUNCTION**

Job Family:	Administration & Operational Support
Job Function:	Administrative Operations

**JOB SUMMARY**

Under minimum supervision, coordinates and performs a wide range of administrative support activities for the Clinical Pathology Laboratory that facilitates laboratory efficiency and effectiveness.

**RESPONSIBILITIES**

- Coordinates work flows and efficiency of Clinical Pathology Laboratory. Disseminates information regarding samples from the front of the lab to medical technologists. Ensures appropriate compliance with established protocols by tracking the status of testing and communicating the status to the requestor.
- Acts as a liaison for the lab answering questions on proper methods of collection of specimens, laboratory testing, and established protocols.
- Assists in the recruitment of student or temporary workers for the lab including, but not limited to interviewing, assisting with new hire paperwork, training, ensuring compliance with processes and procedures related to the lab, and scheduling.
- Schedules student workers to work in the lab for afternoons and weekends. Observes students during work hours and answers inquiries as needed.
- Coordinates records in regards to lab testing, sample protocol, and cost and shipping requirements. Reviews samples to ensure they have been packaged and billed correctly.
- Assists staff, students, and other lab personnel with the proper entry of lab orders in data management system and specific specimen requirements for specialized testing.
- Calculates pricing and issues quotes for research submission to the lab. Establishes research accounts in data management system ensuring billing of quoted testing for accounts.
- Performs a variety of other administrative duties including answer the telephone, filing, and record management.

**SUPERVISORY RESPONSIBILITIES**

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
