Auburn University Job Description

Job Title: DCSITE Prog Mgr
Job Code: ID14
FLSA status: Exempt
Job Family: Research
Job Function: Disciplinary Research

Job Summary
Reporting to the PI of the Detection Canine Science, Technology and Education (DCSITE) program, the Program Manager (PM) manages a portfolio of 6 concentrated lines of research and development and a team of approximately 30 individuals across Auburn University, as well as multiple external subcontracting institutions, focusing capabilities on mission-driven national security initiatives consistent with the mission of the DCSITE program. The PM Coordinates efforts with DCSITE Co-PIs to facilitate mission-driven discovery, technological innovation, and technology transfer to the operational community. The PM facilitates development of contractually required DCSITE status reports, monitors the DCSITE budget, and reports to and conveys programmatic status to the PI, Co-PIs and the sponsor (via the PI) as required. The PM supervises DCSITE Task Managers and, through them, oversees all active DCSITE projects.

Essential Functions
1. Manages DCSITE initiatives related to domestic production of detector dogs, odor presentation science, canine evaluation and selection, handler best practices, proficiency assessments, and canine welfare and longevity to build canine community resources.
2. Ensures that assigned projects meet quality, budget, and timeline objectives, including identification and realization of project milestones, development of key deliverables, risk assessment, and problem solving.
3. Serves as liaison between DCSITE and end-user communities in public and private sectors consistent with the DCSITE program mission.
5. Serves as technical liaison for DCSITE to Auburn University Information Technology specialists in developing and maintaining data management plans in accordance with AU policy and DCSITE-related data storage, management, and sharing consistent with cybersecurity requirements per the data management plan.
6. Solicits feedback on DCSITE programs and initiatives from the end-user community to facilitate DCSITE program assessment and monitor impact.
7. Works with the Co-PIs, Chief Canine Instructor, and Instructor for Canine Health and Field Operations to establish partnerships that enhance DCSITE capabilities in service to the program mission.
8. Develops and executes a communications strategy to disseminate DCSITE national security solutions and technologies to end-users.
9. Develops operational protocols as necessary to ensure regulatory compliance requirements are met.
10. Documents task-related progress as required to meet reporting requirements
11. Performs other related duties as assigned.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to
