JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Disciplinary Research

JOB SUMMARY

Reporting to the Canine Performance Sciences Program (CPSP) Co-Director, The Technology and Education Program Manager (TEPM) manages a portfolio of 2-4 concentrated lines of research and development and a team of approximately 30 individuals across Auburn University and multiple external partnering institutions, focusing capabilities on mission driven national security initiatives consistent with the mission of the Detection Canine Science, Technology and Education (DCSITE) program. Collaborates with DCSITE Co-PIs in facilitating technology transfer to the operational community and reports to and conveys programmatic guidance from the DCSITE Coordinator and PI. Supervises DCSITE Task Managers and oversees all active DCSITE projects.

RESPONSIBILITIES

- Manages DCSITE initiatives related to handler best practices, proficiency assessments, and building canine community resources.
- Ensures that assigned projects meet quality, budget, and timeline objectives, including identification and realization of project milestones, development of key deliverables, risk assessment, and problem solving.
- Serves as liaison between DCSITE and end-user communities in public and private sectors consistent with the DCSITE program mission.
- Supervises DCSITE Task Managers. Responsible for daily tasks and strategic planning associated with tasks.
- Serves as technical liaison for DCSITE to Auburn University Information Technology specialists in developing and maintaining data management plans in accordance with AU policy and DCSITE-related data storage, management, and sharing consistent with cybersecurity requirements per the data management plan.
- Solicits feedback on DCSITE programs and initiatives from the end-user community to facilitate DCSITE program assessment and monitor impact.
- Works with the DCSITE Coordinator to establish partnerships that enhance DCSITE capabilities in service to the program mission.
- Develops and executes a communications strategy to disseminate DCSITE national security solutions and technologies to end-users.
- Develops operational protocols as necessary to ensure regulatory compliance requirements are met.
- Documents task-related progress as required to meet reporting requirements.
- Performs other related duties as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
