JOB FAMILY AND FUNCTION

Job Family:	Research
Job Function:	Research Operations

JOB SUMMARY

The Manager of the Alabama Cybersecurity Intelligence Center (ACIC), located in the Auburn Research Park oversees the operations and functions of the ACIC and plans the technological upgrades and personnel training required to keep ACIC relevant and resilient. Maintains the ACIC space and equipment, represents the McCrary Institute to the Alabama Office of Information Technology and other appropriate agencies on a regular basis. Provides recommendations to McCrary leadership, facilitates faculty and student relationships in support of workforce development, administers partnership and service contracts, and supervises ACIC personnel. Engages with federal agencies, state agencies, local government entities (LGEs), academia, and private sector industry leaders, as well as supporting partners of the Center, to collaboratively enhance the cybersecurity of the State of Alabama and better safeguard the State from cyberattacks.

RESPONSIBILITIES

<ul style="list-style-type: none"> Oversees the operations and functions of the ACIC at the Auburn Research Park, including the development, staffing, and budget.
