Auburn University Job Description

Job Title: Mgr, Info Tech Audit
Job Code: KC04
FLSA status: Exempt

Job Summary
Manages and oversees matters of information technology (IT) security, university policy, information technology controls, audit projects, and serves as a resource to Auburn University management.

Essential Functions
1. Manages audit projects and conducts complex audit programs and projects to assist university management in identifying and mitigating risk.
2. Reviews documentation of IT audit work and written reports to ensure that appropriate and sufficient information, data, or evidence has been gathered to achieve the project objectives.
3. Serves as the primary liaison to the CIO's and ISO's for all four Auburn University divisions and provides information and recommendations to management as members of various university committees.
4. Provides day-to-day guidance and direction to staff on appropriate steps to take to complete projects by reviewing and discussing the work plans for individual audits, investigations, or reviews.
5. Provides training to staff in IT audit/investigative techniques and procedures and university operations, policies, and procedures.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
