### JOB FAMILY AND FUNCTION

Job Family:	Financial & Business Operations
Job Function:	Accounting & Finance

### JOB SUMMARY

Provides analysis and monitoring of the portfolio manager and investment performance, asset allocation, risk management, and overall market conditions relating to managing and optimizing Auburn University's and Auburn University Foundation's endowment portfolios.

### RESPONSIBILITIES

- Collaborates with financial and advancement professionals to ensure transparency, compliance, and effective communication regarding the Endowment's activities.
- Conducts qualitative research and quantitative analysis supporting the investment strategy and operational management of the University and Foundation endowment portfolios.
- Performs ongoing due diligence on investment managers, analyzing investment performance, investment strategies, and alignment with the Endowment portfolio investment objectives.
- Supports Office of Advancement's front-line fundraisers and their external philanthropic donor relationships and donor reporting. Serves as a point of contact for stakeholders regarding questions and inquiries related to the Endowment Fund.
- Oversees external brokerage account relationships to facilitate the receipt of donor stock gifts.
- Validates endowed fund values, investment unit price, and distribution data for financial reporting and in support of related university strategic projects and initiatives.
- Calculates and tests the University and Foundation Endowment distributions and prepares transfer of endowed funds payout to expendable accounts. Ensures compliance with relevant financial regulations, investment guidelines, and University policies.
- Prepares, updates, and maintains relevant Endowment reports and investment worksheets for the monthly and year-end close, including collaboration with external auditors to facilitate the financial audits and to ensure accurate Endowment reporting information in the financial statements for Auburn University and Auburn University Foundation.
- Supports portfolio management activities such as asset allocation, risk management, and price testing.
- Assists in creating long-term financial projections and scenarios to support strategic decision-making.
- Works collaboratively with the finance team, investment consultants, and other stakeholders to achieve common objectives.

### SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
