### JOB SUMMARY

Directs and coordinates the financial management, investment, and operational functions of the cash flow of the university and its institutionally-related foundations and entities to include Auburn University Foundation, the Auburn Alumni Association, Tigers Unlimited Foundation, the Auburn University Real Estate Foundation and Auburn Research and Technology Foundation.

### RESPONSIBILITIES

- **Liquidity Management:** Selects, implements, and evaluates the University's cash management system and investment software. Utilizes this software to oversee the daily cash settlement by monitoring bank account balances and transactions across all University areas impacting cash flow. Additionally, analyzes and prepares forecasts and reports for the university's future cash needs while maintaining sufficient liquidity for normal operations. Invests excess cash in alignment with board-approved cash pool investment policies to maximize investment income.
- **Investment Management:** Directs and oversees the recording and reporting of investment positions in the university's general ledger and investment accounting software, ensuring data integrity for accounting and audit purposes. Analyzes the implications of various investment return scenarios on annual budgets, long-range forecasting, and quarterly reports. Discusses implications of investment return scenarios with university and related entity senior leaders and addresses investment matters for the Board of Trustees and university senior leadership.
- **Capital and Debt Management:** Engages with senior financial leaders and relevant committees in discussions about working capital investment and debt management. Collaborates, as needed, with Risk Management, on legal issues related to the university's debt portfolio. Collaborates with the Controller and Budget Services on financial and capital planning, disclosure, internal controls, and policy interpretation matters associated with capital funding and financing decisions to ensure alignment with university goals. Addresses debt and capital-related matters for the Board of Trustees and University senior leadership.
- **Banking Administration:** Establishes and maintains banking relationships while monitoring relevant banking processes for enhancements in new products and services. Oversees the Request for Proposal (RFP) process for services such as demand deposit accounts, automated teller machines, and merchant credit card processing. Negotiates interest rates and fee structures with banks and addresses banking and financial issues for the university and related entities. Coordinates and oversees the credit card merchant program, ensuring compliance with Payment Card Industry Data Security Standards (PCI DSS). Transmits foreign and domestic wires and bank transfers daily for the Office of Cash Management, Procurement, and Payment Services, as well as various university entities. Serves as the administrator of banking websites for the university and related entity bank accounts, ensuring appropriate compensation for banking services.
- **Financial Administration:** Compiles, analyzes, and presents financial data for special projects, including financial forecasts, trend analysis, historical data compilation, and ratio comparison. Leads the preparation of documents and agreements related to treasury and cash management. Participates in special projects, ad
