JOB FAMILY AND FUNCTION

Job Family:	Financial & Business Operations
Job Function:	Business Administration

JOB SUMMARY

Directs the financial planning, budgeting, and funding allocation functions for the Intellectual Property Exchange (IPX), overseeing all accounting and financial reporting activities and partnering with senior leadership on strategic, organizational, and long-range financial planning. In addition to fiscal oversight, the role leads IPX's technology systems administration and asset management, manages internal and external communications and marketing, and guides the adoption of new technologies and responsible AI practices. Ensures that IPX's financial operations, technical initiatives, and communication strategies align with the broader goals of the Research Division.

RESPONSIBILITIES

- Monitors and evaluates IPX license agreements to ensure licensee compliance with royalty and patent-expense obligations. Reviews agreements and amendments to determine accurate billing for royalties and patent-expense reimbursements, and communicates with licensing officers, inventors, licensees, and university units as needed.
- Reviews monthly financial statements for accuracy and makes corrections as needed. Oversees departmental financial operations and conducts analyses to develop, implement, and maintain solutions to financial issues. Coordinates, prepares, processes, and maintains financial transactions, including journal entries, payment vouchers, cash collection reports, and internal transaction vouchers.
- Develops and prepares monthly and annual IPX financial and operational reports, along with additional analyses as requested. Prepares the department's annual budget and provides required data for the Association of University Technology Managers (AUTM) annual report. Produces and reports monthly and annual IPX performance metrics. Conducts detailed monthly reviews and reconciliations of multiple departmental financial accounts.
- Oversees and supports departmental staff, including the patent administrator, government compliance administrator, and technology transfer administrator. Reviews processes with staff to assess efficiencies, identify operational needs, and recommend improvements. Evaluates staff development and training requirements and identifies appropriate resources to support growth.
- Reviews and approves attorney invoices, ensuring proper identification of the intellectual property (IP) associated with each expense. Coordinates with attorneys and external partners to encourage use of the LEDES format to streamline processing and improve efficiency. Conducts monthly reviews of transactions billed by the foreign annuity service and collaborates with the Patent Administrator to resolve outstanding items.
- Oversees systems training, software updates, and module integration for all IPX staff, ensuring consistent and effective use of institutional platforms. Administers system configurations, user access, and account
