JOB FAMILY AND FUNCTION

Job Family:	Information Technology
Job Function:	IT User Support

JOB SUMMARY

Under general supervision, assists with implementing IT technical support requests and proposals and in deriving needs assessments. Uses knowledge of systems analysis to implement and support technical University solutions. Resolves problems of a complex, comprehensive nature in areas to include enterprise and business applications and processes, University research processes, scripting and programming languages, operating systems, and current hardware management. May oversee or provide direction to junior employees.

RESPONSIBILITIES

- Analyzes and solves problems on complex computer applications and systems. Provides a wide range of in-depth technical assistance and guidance to campus constituents. Writes structured programs, as appropriate, using technologically current programming languages.
- Analyzes current and proposed hardware and software systems. Develops and maintains complex systems for various constituencies.
- Reviews proposals which consist of objectives, scope, and client expectations. Gathers facts, analyzes data, and prepares proposal synopses comparing alternatives in terms of cost, time, and available resources and recommends courses of action. Reviews, evaluates, and recommends solutions for hardware and software acquisitions.
- Provides individual and group instruction on computer technologies.
- Provides technical support for research and development initiatives and for the implementation of new technologies for University adoption.
- May serve as project leader for technology projects with large scope impacting University stakeholders, overseeing and integrating the work of other employees.
- Performs other related duties as assigned by the supervisor.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.

MINIMUM EDUCATION & EXPERIENCE

Education Level	Focus of Education		Years of Experience	Focus of Experience	
Bachelor's Degree	No specific discipline. Degree in IT or related field preferred.	And	3 years of	Relevant IT experience in IT support and analysis, preferably in a university setting.	Or
